

Jusco Medical Premium Hinged ROM Knee Brace

Universal
Suspension
Sleeve

Indications:

- Internal derangement of the knee
- Loose body in the knee
- Chondromalacia of the patella
- Old disruption of the anterior cruciate ligament
- Chondromalacia
- Tear of cartilage or meniscus of the knee
- Sprains and strains of the knee

Lightweight Construction
The hinged knee brace is comprised of lightweight, breathable materials, helping to keep patients comfortable while improving compliance.

Improved Performance
A sturdy design and adjustable ROM hinge help to stabilize the knee and promote proper alignment, helping to relieve pain and restore patient functionality.

Multiple Options
The Roscoe hinged knee brace comes in various style, featuring models with exposed hinges as well as covered hinges, as well as a "one size fits all" model that eliminates the need to keep various sizes in stock.

The Roscoe Medical suspension sleeve is the perfect addition for patients who regularly wear hinged knee braces. The lightweight cotton/lycra sleeve helps prevent braces from moving or sliding while the Neoprene lining adds to patient comfort and helps prevent skin irritation. This sleek, low-profile sleeve is designed to go under any hinged knee brace and is universally sized; fitting nearly all patients.
